

The Joy Ride Completing the Sacred Circle

Why does riding a horse on a beautiful day hold so much power to transform? Moods lift, spirits soar, and we return feeling complete.

Horses have always carried our hearts. Magic entwines our connection and we are touched in the still places deep inside. They take us out of the ordinary to help us heal, grow, and to stretch our beliefs in ourselves.

If we allow them, horses will teach us. They raise our consciousness and quiet our thoughts. We become satiated in the perfect joy of the moment.

The Joy Ride is an exploration of insight and fresh perspectives. Experience intuitive riding, dynamic round pen principles, balance...and how beliefs create joy.

For those who have completed the Sacred Ride,
the Joy Ride brings you full circle.
